To Whom It May Concern:

I am writing in support of Lennar Urban as they explore development opportunities in the Bay Area. We are a small family run business that began as a passion project for the Bayview community. We have long worked with Lennar, who has hosted an event for Shipyard residents at our location as well as used us numerous times for catering events to the Shipyard.

We believe Lennar to be a company committed to understanding the value of local businesses and one that invests in the future success of such businesses. We feel that the city of Concord would be fortunate to create a project with Lennar.

Please feel free to reach out to me to discuss any of the numerous experiences I have had collaborating with this dynamic team.

Best regards,
