Dear Concord City Leaders –

From the moment its SF Shipyard & Candlestick development was entitled, Lennar Urban has committed itself to working with the existing BVHP community.

Recognizing the impact that a project of 12,000 new homes could have on a long-standing, yet emerging neighborhood, Lennar Urban's leadership has been unwavering in their efforts to support businesses locally, by creating programs to offer technical assistance, and by using those businesses in every day operations.

Lennar Urban also has a generous charitable program, and supports any number of events and non-profits in the Bayview Hunters Point neighborhood, and throughout the city of San Francisco.

We support their work, and the work of Kofi Bonner without reservation.

Sincerely,
