

GRATTA WINES

September 4, 2015

To Whom It May Concern,

I am a small winery in San Francisco's Bayview Neighborhood. I have had the pleasure to work with Jackie Spear, the Communications Project Manager of Lennar Urban. On several occasions we have poured our artisanal wines at sales and community events hosted by Lennar.

They have been a wonderful partner with our community reaching out to many of the businesses in support of local commerce. As a small business owner, this has been a great opportunity for joining forces in this developing neighborhood.

Sincerely,

Barbara Gratta, winemaker/owner
