RE: Letter of Support for Lennar Urban

On behalf of the Mayor's Hunters Point Shipyard Citizens Advisory Committee (HPS CAC), I am honored to share our appreciation for Lennar Urban's continued commitment to the wellbeing of the Bayview Hunters Point Community during its redevelopment of the Hunters Point Shipyard & Candlestick Point. We are confident that Lennar Urban will offer the same support and make a similar commitment to the Concord community.

The HPS CAC was established in 1993 and has been deeply involved in increasing community participation in the planning and implementation of the project for almost 20 years. Our organization was specifically formed to ensure that the benefits from the project met the needs of our community. Lennar's commitment to community improvement and sustainability has set a new standard for community benefits – not just in the San Francisco Bay Area, but also across America.

In addition to providing community benefits that are second to none, the Lennar Urban team, under the leadership of Kofi Bonner, has been superb in resolving important and pressing issues for the Bayview Hunters Point Community. They have been receptive, positive, and forward thinking.

I have no doubt that the Concord community would receive this same level of service. Should Lennar Urban be chosen as the developer of the Concord Naval Weapons Station, I am confident Concord would be the beneficiary of both a high quality project and a community benefits package that would meet your community's real needs.

Sincerely,

Dr. Veronica Hunnicutt, Chair
Mayor's Hunters Point Shipyard Citizens Advisory Committee
