Dear Kofi,

I am writing to thank you for your very generous donation toward uniforms for our girls from Immaculate Conception Academy. The parents and guardians of our girls were most appreciative. Without your support, it would have been a big financial burden for them. To date you have helped over 50 of our families.

As you know, to attend Immaculate Conception Academy all our students come from either low-income or working-class families. The average income for a family of four who attend our school is \$44,000 per year. Many of our students' parents or grandparents are immigrants or have not had an opportunity to attend college. At Immaculate Conception Academy, our students take all course requirements needed for entrance into the CSU and UC systems. For the past several years, 100% of our girls have been accepted into college.

You have gone above and beyond the call of duty in supporting the mission of our school. It is not often that we meet people like you from Lennar Urban who are really interested in giving back to the community.

Thank you once again, Kofi, for your financial support in helping change the lives of our girls at ICA.
