To Whom It Concerns:

My name is James Mabrey, and I have the president of a janitorial and maintenance services company located in Bayview Hunters Point district of San Francisco. This is the area where Lennar Urban is building is project at The Shipyard and Candlestick Point.

Lennar Urban sponsors a mentorship protégé program for local contractors; for small contractors like me to get support for larger subs and primes in the business. In 2010, I became a protégé in that program. Since then I have been introduced to resources and people that have helped me to expand my business.

Once I became a more experienced business, I was given the opportunity to work directly with Lennar, providing janitorial services on site for special events, etc.

Recently, the relationship grew even more to include final cleaning services on a large number of the new homes in Phase #1. This is a great opportunity for my company.

Lennar has provided me support from the start of my business, and is "putting its money where its mouth is" with helping local contractors.

I support their efforts to expand their work into Concord.

James Mabrey
